Education

Bachelor of Technology (B.Tech)

VIT Bhopal University

[2022 – 2026]

CGPA: 7.5

Higher Secondary Education (Class 12)

Saint John's Academy

[2021]

Percentage: 75%

Technical Skills

Frontend: React Native, React.js, HTML, CSS, JavaScript

Backend: Node.js, Express.js

Programming Languages: Python, C++, Java

Databases: MongoDB, MySQL

Cloud Tools: AWS (certified), Git, Postman, Azure

Machine Learning & IoT: TensorFlow, OpenCV, Arduino, Raspberry Pi

Projects

Ride Rental App for College Students

(2024)

Technologies: React Native, MongoDB, Node.js

- Deployed a robust multifactor authentication system, protecting 200+ student accounts from unauthorized access.
- Integrated RazorPay for secure and fraud-proof payment processing with 0% failure rate.
- Improved rental efficiency by 40% through optimized database operations.
- Reduced booking time by 35% using an AI-powered recommendation system.
- Enhanced server response time by 50% with optimization of the back-end code.

AI-Powered Prosthetic Hand

(2025)

Technologies: Machine Learning, IoT, React, Node.js, MongoDB

- Developed an IoT-enabled prosthetic hand achieving 95% accuracy and precision.
 - Adaptive ML algorithms for movement based on user intent, increasing usability by 80%.
 - Performance enhancement of 30% over traditional prosthetics.
 - Real-time feedback with 110% sensor-based motion tracking efficiency.
 - Added AI learning capabilities to improve user adaptability over time.
-

Certifications

- AWS Certified Cloud Practitioner
 - AWS Solutions Architect Associate
 - Matplotlib Certification
 - Coursera: The Bits and Bytes of Computer Networking
-

Internships

Ethnus – Cloud Computing Intern

(2024)

- Worked on AWS-based cloud infrastructure projects.
- Gained experience in deployment, scalability, and serverless computing.
